TAE H. YOON
PRIMARY EXAMINER

The following is an examiner's statement of reasons for allowance: US Patents 4,313,865 and 5,922,357 would be the closest prior art among the IDS submitted with RCE filing. However, said US 4,313,865 (col. 3, lines 48-68) does not teach the instantly claimed caprolactone copolymer. Said US 5,922,357 teach a copolymer of lactic acid and lactone and polyalkylcyanoacrylate in claim 3, but said copolymer does not contain the instant recited comonomers (glycolid, trimethylene carbonate, dioxanone, alkylene glycols, esteramides and combinations thereof). Also, it does not teach the instant octyl cyanoacrylate monomer.

Note that the prior art of International Search Report are listed on PTO-892 except those on the record already.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tae H. Yoon whose telephone number is (571) 272-1128. The examiner can normally be reached on Mon-Thu.
